

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Davies Molding Designers and manufacturers of knobs, handles, cases & plastic components!

Soft touch two shot plastic knobs, handles, and custom components

Molded with a soft thermoplastic overmolded "rubber" top with a tough thermoplastic substrate

Provides a non-slip, comfortable grip that is durable and resistant to scratches

Variety of sizes, styles, and color combinations

Custom finishes, including logo printing available

INSTRUMENT CONTROL

Available in a wide range of size and styles. Female insert, plain molded hole, spring mounting, and interference fit options are available. Three-shot instrument control knobs available.

SKIRTED CONTROL

One of our most versatile products that provides extra comfort, style, and high quality function. Female insert, plain molded hole, and spring mounting options are available.

TWO POINT HANDLES

Our most popular two-shot handle! Davies two-shot and soft touch two-point handles are molded with glass-reinforced nylon and a thermo-plastic elastomer to provide extra comfort and style.

CLAMPING KNOBS

Currently available in our Four Lobes and Five Lobes Clamping categories. Molded with an engineered thermoplastic elastomer with a tough inner core and molded in metal insert for high torque performance make these knobs unique, rugged, and ergonomical.

CUSTOM COMPONENTS

We specialize in custom plastic molded components for a variety of applications. Utilizing the latest CAD and 3-D modeling software, our engineering staff will help you create the exact look, feel, and dimensions of your ideal plastic part.
