

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

HiBay LED Heat Sink

Wakefield-Vette's HiBay LED Heat Sink is the optimal choice for any of the industries LED array's that require a natural convection cooling method.

The unique mounting puck allows for machining patterns for historical, current, and future LED Module Hole Patterns for manufacturers such as Bridgelux, Cree, Dialight, Lumileds, etc.

The HiBay Series is available in different lengths as well as pre-machined for your specific array.

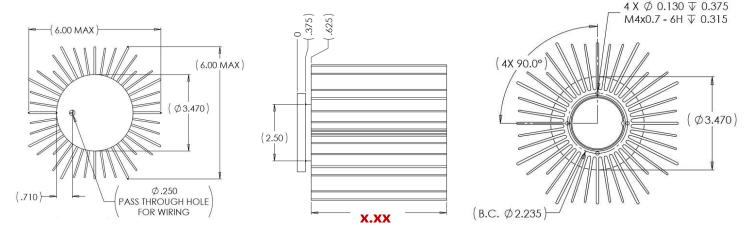

Part Number	x.xx Length Dimension (in.)
124212	6
124213	8
124214	10
124215	12

*Other Lengths Available Upon Request

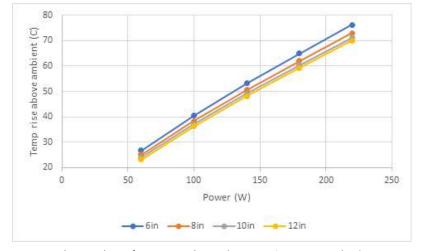

HiBay LED Heat Sink Assembly are identical with the exception of the overall extrusion length as identified with the x.xx dimension.

Thermal Performance

*Thermal Performance based on a 40mm LED device.
