

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

The **CC DIA 30 MC** is used for labelling hydraulic hoses, lights and indicators. M4 screws can be used for the variants with 4.2-mm holes or cables ties can also be used for mounting. 3.2-mm blind rivets can be used with the variant that is fitted with 3.5-mm holes. According to DIN V VDE V 0108 part 100 from Jan. 2010, the safety lighting (as well as the junctions and branch-offs that make up the safety lighting system) must be marked in red or green so they can be easily and clearly identified. The distributor, circuit and lamp ID numbers must be attached next to the lamps.
