

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

# **❷ 国际A® Thermal Overcurrent Circuit Breaker 1410-F1...**

### **Description**

Miniaturised single pole rocker switch/thermal circuit breaker combining ON/OFF switching and extremely fast overload performance in a single component (S-type TO CBE to EN 60934/IEC 934). Under overload conditions an internal neon (filament bulb for low voltages) illuminates to give a clear signal of the tripped status of the mechanism and thereby the cause of power interruption, suffix -B. Alternatively the illumination can be conventionally wired to indicate the ON status of the device, suffix -E. Returning the rocker switch through the OFF position and back ON will reset the mechanism and restore the supply. Largely temperature-insensitive. Complies with CBE standard EN 60934 (IEC 60934).

### **Typical applications**

Motors, transformers, solenoids, PCBs, hand-held machines, appliances, instrumentation.

F snap-in panel mounting F snap-in panel mounting  F snap-in panel mounting  Size of frame 1 to fit mounting cut-out 28 x 12.7 mm (1.1 x .5 in)  Number of poles 1 single pole, thermally protected  Accessories 0 without accessories  Terminal design P1 blade terminals 2.8-0.8 (QC .110/2x.110) silver-plated  Characteristic curve F1 fast acting  Actuator style  W rocker, rounded profile  Actuator colour 14 red translucent  Actuator markings Q I and O  Trip/ON illumination (optional) B illuminated when ON  Illumination voltage range (optional) 2 20-28 V marked 24 V 35 mA	Orderi	ng information
