The **dekafix (DEK)** marker is the universal marker for all conductor and plug-in connectors as well as for electronics modules. The system is ideal for small groups of consecutive numbers and covers a large range of ready-printed markers. Being mounted as strips means that they are quickly clipped on in one operation. The printing is legible with good contrast, and is available in five widths.

- large selection of ready-to-use markers,
- in strips for fast installation
- connector markers suitable for all Weidmüller conductor connectors,
- available as blank cards, MultiCard or as cards with standard printing.
