

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## Introducing High Temperature FASTON Housings

TE Connectivity (TE) FASTON terminals and connectors have been the industry leader in the appliance and automotive industries for years. TE continues to reinvent the FASTON product line to meet the changing trends in these industries. We have seen the need for housings with higher temperature ratings as well as for flag housings that fully enclose the terminal, so TE is proud to introduce several new products specifically designed to meet these applications. These new products come with the same strong engineering support and high quality that TE has provided for over 50 years.

## High Temperature Housings for Straight FASTON Terminals

### 1969632-1 .250 High Temperature FASTON Housing

- 200°C LCP material, black color
- Can be used with low insertion force nickel steel terminal 1742198-1 (.250 x .032 [6.35 x 0.81])

### 2-480435-2 .187 High Temperature FASTON Housing

- V-0 150°C Nylon material, white color
- Can be used with low insertion force nickel steel terminals 1742841-1 (.187 x .020 [4.75 x 0.51]) or 1742883-1 (.187 x .032 [4.75x0.81])

### 2-480435-3 .187 High Temperature FASTON Housing

- 200°C LCP material, black color
- Can be used with low insertion force nickel steel terminals 1742841-1 (.187 x .020 [4.75 x 0.51]) or 1742883-1 (.187 x .032 [4.75x0.81])

## High Temperature, Fully Enclosed, Flag FASTON Housings

### 1969507-2 .250 FASTON Flag Housing

- V-0 150°C Nylon material, white color
- Prevents the tab from mating between the back of the terminal and the plastic
- With latch cover closed, provides an ergonomic flat surface to aid with insertion
- Can be used with all .250 x .032 [6.35 x 0.81] Tab-Lok flag terminals, low insertion force nickel steel terminal (1742543-1), Hermetic terminals and F-crimp terminal 1742999-1
- Designed for broad range of wire gauges and 2 wire applications

### 1969656-1 .250 FASTON Flag Housing, Left Hand

- V-0 150°C Nylon material, white color
- Can be used with F-crimp flag terminal 63009-1 (.250 x 0.32 [6.35 x 0.81])
- Designed for use with top entry, tab mated relay applications

### 1969657-1 .250 FASTON Flag Housing, Right Hand

- V-0 150°C Nylon material, black color
- Can be used with F-crimp flag terminal 63010-1 (.250 x .032 [6.35 x 0.81])
- Designed for use with top entry, tab mated relay applications
