# Cardboard Mono Amplifier Case

www.kitronik.co.uk

Kitronik

Description
Follow the step by step diagrams below to assemble the case for the Mono Amplifier Project Kit.
1
Lay the cardboard case white side down onto a flat surface.

2

Fold marked lines and push the tab through the slot.

3

Fold marked lines and push the second tab through the other slot.
4

Fold marked line to form the three compartments.

**5**

Fold all tabs in.

6

With the case orintated like the image above, fold the side closest to you. This will leave the correct side open for the next step.
7

Slot the audio jack through the hole, insert electronics into the designated compartments & ensure wires are sat in the notches provided.

8

Fold final panel to close the product.

9

Plug in your device and enjoy the music!
