TRIHEX Crimp Tool

The Amphenol TRIHEX crimp tool provides an economical approach to terminating crimp connectors.

This compact, easy-to-use, three-cavity hand tool incorporates the same crimping ability as most popular two-die crimp tools. But quality is not sacrificed for economy:

- **Full cycle, reinforced ratchet control** — provides the high repeatability and reliability benefit of crimp terminated connectors.
- **Heavy duty steel construction** — stands up to in-the-field use. Two models are available, providing maximum flexibility for use in a wide variety of applications.
