Software package - WES2009 / WES7 RECOVERY USB - 2400303

Please be informed that the data shown in this PDF Document is generated from our Online Catalog. Please find the complete data in the user's documentation. Our General Terms of Use for Downloads are valid (<http://phoenixcontact.com/download>)

Operating system recovery kit for Windows® Embedded 2009 and Windows Embedded 7 operating systems. Kit includes a USB drive.

Product Description

USB drive with factory-installed embedded operating system images for all Valueline, Basicline, and Designline IPC products. This recovery tool only works with systems originally manufactured with either the Windows® Embedded Standard 2009 or Windows Embedded Standard 7 operating systems. It will not work with systems originally built with Windows 7 Professional or Windows XP Professional operating systems. Note that using this tool to re-image a system overwrites all previously stored data. Please download the instructions of how to use this tool.
