# SharpVue HD Video Inspection System

Futuristic, Innovative and Easy to Use

The SharpVue features an auto focus HD camera with optical magnification up to 30x, and digital magnification up to 300x. The SharpVue produces high quality 1080p HD images without any distortion or delay and with excellent depth of field. The built in LED lights ensures shadow-free illumination even when viewing shiny objects. The SharpVue features a large working distance of 9 inches, ensuring that objects large and small can be inspected. This system is operated with the included wireless remote. Zoom in and out, turn auto focus on or off, insert a cross hair, fine tune your focus, and much more all with a touch of a button.

Includes HDMI and USB outputs. Connect the SharpVue to your computer via USB cable to utilize the included imaging and measurement software.
