## NEW 280F SERIES

**OFTEN IMITATED, NEVER DUPLICATED** Since 1964, the Switchcraft 280 plug has been an industry stalwart. The 280F series takes the same great plug finger design and matches it with a sleek, redesigned handle and a true flex relief. The 280F series offers modern looks, improved performance, and incredible value for critical applications from audio to electronics.

### TRUE FLEX RELIEF

The end of a cable is frequently bent during normal use and is one of the most frequent sources of intermittence and failure. The unique rubber flex relief in the 280F series eliminates harsh bends and protects your cable where it needs it most.

### ONE PIECE TIP ROD

Switchcraft plugs feature a one piece tip rod which is precision machined in the USA from solid brass. Many imitators use a 2-piece design with a vulnerable joint which is prone to breaking, leaving behind a tip which can ruin sensitive electronics.

### SWITCHCRAFT QUALITY

For over 70 years, Switchcraft, Inc. has been supplying the pro audio, broadcast, and OEM electronics marketplace with the highest quality interconnect solutions. The 280F series continues this tradition and is built for decades of worry-free use.

PART NUMBER	TERMINATION STYLE	CONDUCTORS	ACCEPTED CABLE DIAMETER
280F	Solder Lugs	2 (Mono)	0.220" [5.6mm] - 0.190" [4.8mm]
280FL	Solder Lugs	2 (Mono)	0.250" [6.4mm] - 0.220" [5.6mm]
297F	Solder Lugs	3 (Stereo)	0.220" [5.6mm] - 0.190" [4.8mm]
297FL	Solder Lugs	3 (Stereo)	0.250" [6.4mm] - 0.220" [5.6mm]
270F	Screw Terminals	2 (Mono)	0.220" [5.6mm] - 0.190" [4.8mm]
270FL	Screw Terminals	2 (Mono)	0.250" [6.4mm] - 0.220" [5.6mm]
290F	Screw Terminals	3 (Stereo)	0.220" [5.6mm] - 0.190" [4.8mm]
290FL	Screw Terminals	3 (Stereo)	0.250" [6.4mm] - 0.220" [5.6mm]
