

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Safety-oriented digital output module, IP20 degree of protection, for the INTERBUS-Safety and the PROFIsafe system. The module has four safe digital outputs with two-channel occupancy or eight safe digital outputs with single-channel occupancy

#### **Product Description**

The safety module is an output module from the Inline product range designed for use at any point within a SafetyBridge, INTERBUS-Safety or PROFIsafe system. The transmission speed of the safety module can be set to 500 kBaud or 2 Mbaud using a switch. One transmission speed must be used consistently within a station. The module has four safe digital outputs for two-channel assignment or eight digital outputs for single-channel assignment.

#### Why buy this product

- SIL 3 according to IEC 61508/EN 61508
- ✓ SILCL 3 according to EN 62061
- ☑ PL e according to EN ISO 13849-1

#### **Key Commercial Data**

| Packing unit | 1 STK           |
|--------------|-----------------|
| GTIN         | 4 046356 131605 |
| GTIN         | 4046356131605   |

#### Technical data

#### Note

| Midth                   | 10 0 mm   |
|-------------------------|---|
| Dimensions              |   |
| Utilization restriction | EMC: class A product, see manufacturer's declaration in the download area |

| Width              | 48.8 mm            |
|--------------------|--------------------|
| Height             | 119.8 mm           |
| Depth              | 71.5 mm            |
| Note on dimensions | Housing dimensions |

#### Ambient conditions

## Technical data

## Ambient conditions

| Ambient temperature (operation)          | -25 °C 55 °C  |
|--|---|
| Ambient temperature (storage/transport)  | -25 °C 70 °C  |
| Permissible humidity (operation)         | 10 % 85 % (Take suitable measures against increased air humidity within the permitted temperature range.) |
| Permissible humidity (storage/transport) | 10 % 85 % (Take suitable measures against increased air humidity within the permitted temperature range.) |
| Air pressure (operation)                 | 80 kPa 108 kPa (up to 2000 m above sea level)   |
| Air pressure (storage/transport)         | 66 kPa 108 kPa (up to 3500 m above sea level)   |
| Degree of protection                     | IP20  |

#### Interfaces

| Designation        | Inline local bus                    |
|--------------------|-------------------------------------|
| No. of channels    | 2                                   |
| Connection method  | Inline data jumper                  |
| Transmission speed | 500 kbps / 2 Mbps (can be switched) |

## Digital outputs

| Output name                        | Digital outputs  |
|------------------------------------|--|
| Connection method                  | Spring-cage connection                                   |
| Connection technology              | 2, 3-wire  |
| Number of outputs                  | 4 (with two-channel assignment)                          |
|                                    | 8  |
| Type of protection                 | Overload protection, short-circuit protection of outputs |
| Output voltage                     | 24 V DC (U <sub>S</sub> - 1 V)                           |
| Nominal output voltage             | 24 V DC  |
| Output current                     | max. 6 A (Total current of all outputs, -25 °C 50 °C)    |
|                                    | max. 4 A (Total current of all outputs, >50 °C 55 °C)    |
| Maximum output current per channel | 2 A  |
| Maximum output current per module  | 3 A (See technical data)                                 |
| Maximum output current per group   | 3 A  |
| Nominal load, inductive            | see safety data  |
| Nominal load, lamp                 | see safety data  |
| Nominal load, ohmic                | see safety data  |

## Power supply for module electronics

| Supply voltage       | 24 V DC (via voltage jumper) |
|----------------------|------------------------------|
| Supply voltage range | 19.2 V DC 30 V DC            |

## General

| Mounting type                 | DIN rail   |
|-------------------------------|--|
| Net weight                    | 245.6 g  |
| Note on weight specifications | with connectors  |
| Diagnostics messages          | Short-circuit / overload of the digital outputs Error message in diagnostics code (bus) and display by means of the LED on the motor |

## Technical data

#### Inline potentials

| Designation          | Communications power (U <sub>L</sub> )                         |
|----------------------|--|
| Supply voltage       | 7.5 V DC (see safety data)                                     |
| Current consumption  | max. 230 mA (see safety data)                                  |
| Designation          | Main circuit supply (U <sub>M</sub> )                          |
| Supply voltage       | 24 V DC  |
| Supply voltage range | 19.2 V DC 30 V DC (including all tolerances, including ripple) |
| Current consumption  | typ. 30 mA (all outputs set including actuator current)        |
|                      | max. 6.03 A  |

## Safety-related characteristic data

| Designation                                 | IEC 61508 - High demand  |
|---|--|
| Safety Integrity Level (SIL)                | max. 3 (two channel; dependent in parameterization and wiring) |
| Designation                                 | IEC 61508 - Low demand   |
| Safety Integrity Level (SIL)                | max. 3 (two channel; dependent in parameterization and wiring) |
| Designation                                 | EN ISO 13849   |
| Performance level (PL)                      | max. e (two channel; dependent in parameterization and wiring) |
| Category                                    | max. 4 (two channel; dependent in parameterization and wiring) |
| Designation                                 | EN 62061   |
| Safety Integrity Level Claim Limit (SIL CL) | max. 3 (two channel; dependent in parameterization and wiring) |

#### Standards and Regulations

| Protection class | III, IEC 61140, EN 61140, VDE 0140-1 |
|------------------|--------------------------------------|
|------------------|--------------------------------------|

#### **Environmental Product Compliance**

| China RoHS | Environmentally friendly use period: unlimited = EFUP-e |
|------------|---|
|            | No hazardous substances above threshold values          |
