

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## FL MGUARD RS VPN ANALOG

Order No.: 2989718

http://eshop.phoenixcontact.de/phoenix/treeViewClick.do?UID=2989718

Router with intelligent Firewall, data throughput up to 99 Mbps (Wire Speed), Stateful Inspection Firewall for optimum safety and extremely simple configuration, VPN as per IPsec, hardware encryption with up to 70 Mbps, integrated Analog modem

| Commercial data          |                    |

#### **Technical data**

#### Interfaces

| Interface          | Ethernet |
|--------------------|----------|
| No. of ports       | 2        |
| Type of connection | RJ45     |

| Transmission physics  | Ethernet in RJ45 twisted pair  |
|---|--|
| Transmission speed  | 10/100 MBit/s  |
| Transmission length   | 100 m (per segment)  |
| Signal LEDs   | Supply voltage, data transmission, error, link, activity   |
| Interface   | Potential-free signaling contact   |
| Type of connection  | Plug-in/screw connection via COMBICON  |
| Interface   | VPN - release button   |
| Type of connection  | Connectable and optional LED   |
| Function  |  |
| Basic functions   | Router with intelligent Firewall, VPN and integrated analog modem  |
| Management  | Web based management, SNMP or over V.24 (RS-232)   |
| Supported browsers  | HTTPS support required   |
| Processor   | 533 MHz  |
| Status and diagnostic indicators  | LEDs:P1, P2, Fault, State, Error, LAN, WAN   |
|   |  |
| Network expansion parameters  |  |
| Network expansion parameters  Maximum conductor length ((twisted pair)  | 100 m  |

#### **Conformity with EMC directives**

| Developed in acc. with standard | IEC 61000-6.2  |
|---------------------------------|--|
| Test standard                   | IEC 61000-4-2 (ESD)  |
| Test result                     | 6 kV contact discharge, 8 kV air discharge                     |
| Test standard                   | IEC 61000-4-3 (immunity to radiated interference)              |
| Test result                     | 10 V/m (80-2000 MHz)   |
| Test standard                   | IEC 61000-4-4 (burst)  |
| Test result                     | 2 kV power line, 1kV data line                                 |
| Test standard                   | IEC 61000-4-5 (surge)  |
| Test result                     | power line: 2 kV (line/earth), 1 kV (line/line), 1kV data line |
| Test standard                   | IEC 61000-4-6 (immunity to conducted interference)             |
| Test result                     | 3 V(10 kHz-150 kHz), 10 V (150 kHz-80 MHz)                     |

#### **Security functions**

| Dynamic Host Configuration Protocol (DHCP) support | Server or Relay Agent                           |
|--|---|
| Network Time Protocol (NTP) client                 | Client  |
| Link Layer Discovery Protocol (LLDP)               | As per protocol 802.2                           |
| Remote Syslog Logging                              | On externals server                             |
| Virtual private network (VPN) throughput           | Up to 70 Mbps                                   |
| Number of VPN tunnels                              | 10 (Up to 250 with license possible)            |
| Encryption methods                                 | DES, 3DES, AES-128, -192, -256                  |
| Internet Protocol Security (IPsec) mode            | ESP-Tunnel / ESP-Transport                      |
| Authentication                                     | X.509v3 certificates with RSA or PSK            |
| Data integrity                                     | MD5, SHA-1                                      |
| 1:1 Network Address Translation (NAT) in the VPN   | Supported                                       |
| Firewall data throughput                           | Up to 99 Mbps                                   |
| Firewall rules                                     | Configurable stateful inspection firewall       |
| Filtering  | MAC and IP addresses, ports, protocols          |
| Protection against                                 | IP spoofing, DoS and Syn Flood Protection       |
| Routing  | Standard routing, NAT, 1:1-NAT, port forwarding |
