Hook-up Wire Spool Set – 22AWG Solid Core – 10 x 25ft

PRODUCT ID: 3174

Description

This is a box of **ten** 25ft spools of **solid-core** wire. The wire is easy to solder to, and when bent it keeps its shape pretty well. We like to have a few spools of this stuff around which is why this set is quite nice! We suggest picking up some wire strippers to match. Wire gauge is **22 AWG**, which we've found is the best all-around gauge, and it works best with breadboards and perfboards but also fits nicely in terminal blocks.

The box has a plastic dowel rod to hold the spools in place and let them spin, and there are little punch-outs you can pass the wire through so it'll stay nicely organized.

Technical Details

Box size: 9.5" long x 2" wide x 2.25" high
Weight of Set: 535g
External Insulation Diameter: 1.5mm / 0.06"
Weight per Spool: ~50g

Engineered in NYC Adafruit ®
