SmartiPi Touch Back Cover - Small

PRODUCT ID: 3569

Description

Need a *smart* solution for covering the back of your SmartiPi Touch display stand? This simple cover from SmartPi screws into the back VESA mounts on the SmartiPi Touch with the four included screws. It allows you to protect HAT boards and other electronic components that you might want for your project. It's made of ABS plastic and will have to be cut, drilled, or modified for your application. The case also helps protect the ethernet and USB ports on the Pi B+, 2 and 3.

This is the **Small 15mm deep cover,** but we also offer SmartiPi's Large 37mm deep cover.

Please note: The 7" Touchscreen Display, SmartiPi Touch stand, and Raspberry Pi are not included. These are add-ons that let you have a nice protective back for your Pi+HAT combo!
