Details

- Soft aluminum applies easily
- Can be used under all weather conditions
- Resists water vapor, odor and smoke transmission
- adhesive is protected until the liner is removed
- For UL 181A and ULB-FX compliant
- Printed backing provides code compliance verification for building inspectors

3326 Foil Tape is recommended for use on UL listed rigid fiberglass air duct in accordance with the Duct Board Manufacturers installation instructions.

Scotch® Foil Tape 3326 is especially designed for use on UL listed flexible and rigid air ducts. Its specially formulated acrylic adhesive bonds quickly and holds even at -25oF. Its soft aluminum handles and applies easily but still provides strength for UL 181A and ULB-FX compliance. The printed backing provides code compliance verification for building inspectors.
