

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

DIP CLIPS 8 through 40 pins and 8 through 40 pin DIP Removers

ITT Pomona DIP Clip® test clips are designed for testing dual-in-line IC packages on PC boards. These devices incorporate many built-in features that assure a positive electrical connection as well as hands free testing.

- n Contacts (.040" wide on lower end) are serrated for the best electrical contact.
- n .025" X .028" serrated test points on upper end will accept wire wraps or mini test clips.
- n Molded barriers between contacts allows live board connections without accidental shorting of contacts.
- n Can also be used as an insertion tool for DIPs.

- n Contacts are spring tempered Nickel Silver or Gold Plated Beryllium Copper alloy. Oxide penetrating clips have a roughened stainless steel surface treatment.
- n Open back option allows probing on the chip leads while clip is attached.

Pomona's DIP Clip® test clips are perfect for emulation, field service, failure analysis, and for use with logic analyzers.

Size Pins	Clip Width	Standard DIP Clip®	Open Back DIP Clip®	Contact Material and Plating	Oxide Penetrating DIP Clip®	Static Control DIP Remover
