Chipsmall

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Expanded SECURE Connector Product Line Includes MPO and LC Interfaces

Ten variants in ten colors offered in two new interfaces

Tyco Electronics has expanded its SECURE connector product offering to include both MPO and LC interfaces. Through the use of ten different color/key variations, customers operating multiple networks in common areas can physically segregate their network throughout the system, from the backbone to the equipment panel.

Primary colors and keys are available in red, blue, yellow and green, with additional, secondary options for up to ten different color/keying configurations. Only connectors and adapters of the same color will intermate, and no standard product can plug into a secure adapter.

The LC SECURE product is compatible with both jack-

eted and buffered fiber. It is available in both LIGHTCRIMP PLUS and standard epoxy/polish styles for singlemode and multimode fibers. Each connector features a color-coded key that will only mate with like-colored adapters to minimize connection to the wrong networks. Standard colors include red, blue, green and yellow. An additional six colors are available as needed.

The MPO SECURE products are available in the same colors and are compatible with color-coded MPO SECURE cassettes. Standard MPO SECURE trunk cables are available in fiber counts to 72 fibers. MPO SECURE cassettes are available as twelve or

twenty-four fiber assemblies. Cables and cassettes are available with 50µm, XG and 62.5µm multimode fiber.

The success of the MT-RJ SECURE product line has fostered growing interest in the SECURE product concept. The addition of the LC and MPO interfaces to the AMP NETCONNECT SECURE product portfolio will allow a wider adoption of the concept and allow more customers to take advantage of the benefits the system offers.
A complete line of connectivity, cable assemblies, and cables are available for MT-RJ SECURE, LC SECURE and MPO SECURE. See pages 9-13 for details.

LC SECURE Product Offering

LIGHTCRIMP PLUS and Epoxy Style LC Product Facts

■ **LIGHTCRIMP PLUS—** No Epoxy/No Polish strip, cleave and crimp

■ **LC small form factor design is half the size of SC**

■ **10 exclusive connector variants**

■ **Color coded plugs & adapters match MT-RJ & MPO SECURE offerings**

■ **LIGHTCRIMP PLUS— Termination to 250 or 900 μm tight-buffered fiber using standard tooling**

■ **Epoxy Style—Termination to 250 or 900 μm tight-buffered fiber 1.6 – 2.0 mm jacketed fiber**

■ **Epoxy Style—Suitable for use with heat-cured or anaerobic (quick cure) epoxies (See instruction sheet for recommended anaerobic epoxies)**

■ **Product qualification to TIA/EIA 568-B.3**

■ **Field installable duplex clip (black) for polarity correction if needed**

■ **Plug nose features can provide up to 70 mutually exclusive keying combinations**

■ **Distinct keyway geometry on plug nose & color coding assures identifiable key-type**

■ **Extended lugs on plug side-walls prevent SECURE connectors from mating with non-secure adapters**

■ **Molded internal geometry produces tamper resistant system**

■ **Key placement allows SECURE plugs to interface with standard 1.25 mm test equipment, inspection microscopes and application tooling**

LC Duplex Adapters Product Facts

■ Flange mount, flangeless, and SL Series configurations

■ High quality ceramic sleeves

■ Suitable for singlemode and multimode

■ Key and color compatible to Epoxy Style and LIGHTCRIMP PLUS Product

■ Universal Hybrid Adapters: includes universal adapter half, allows standard LC plugs to be used Behind The Wall or Inside The Box

MPO SECURE Fiber Optic Products

MPO SECURE Trunk Cable Assemblies

Product Facts

- Feature color-coded, keyed designs to limit improper connections in segregated or SECURE networks
  - MPO SECURE plug only mates with same color MPO SECURE port
- Trunk cable fiber polarity is pair-flipped (AB/BA)
  - Trunk cables with straight-through polarity (AB/BA) are available
- Pulling socks protect MPO terminations during installation
- Twelve (12) fibers per MPO SECURE plug
- Trunk cables come pre-tested and ready for immediate use
- MPO SECURE trunk cables are plenum cables
  - Plenum cables can be used in riser spaces
- Additional counts and lengths are available
- For use with MPO SECURE Cassettes listed on this page only

Description	Fiber Type	SECURE Color/Keying	Part Number

MPO SECURE Fiber Optic Products (Continued)

MPO SECURE Optical Fiber Cassettes

Product Facts

■ **Cassette fiber polarity is pair-flipped (AB/BA)**

   ■ **Cassettes with straight-through polarity (AB/AB) are available**

■ **Cassettes have one MPO connection (12-Fiber) or two MPO connections (24-Fiber) on the back of each cassette**

■ **Cassettes house MPO one or two 12-fiber break-out assemblies**

■ **Cassettes have same footprint as Snap-in Adapter Plates**

   ■ **Mount in all AMP NETCONNECT enclosures that accept Snap-in Adapter Plates**

■ **Cassettes come pre-tested and ready for immediate use**

■ **MPO SECURE cassettes accept one or two MPO SECURE connectors and transition to the same color MT-RJ SECURE connectors**

■ **MPO SECURE plug only mates with same color MPO SECURE port**

■ **For use only with MPO SECURE Trunk Cable Assemblies on this page**

MT-RJ SECURE Product Expansion —
Now 10 Variants of the MT-RJ SECURE Products

In response to several customers, the MT-RJ SECURE product line has been expanded with an additional six color/key versions. In addition to the original four colors (blue, green, red and yellow), the six new colors (brown, rose, aqua, violet, slate and orange) now make for ten variations. In keeping with the MT-RJ SECURE products features, only plugs and jacks of the same color will mate, and none of the MT-RJ SECURE products will mate with the standard versions. A complete line of jacks, cable assemblies and colored cables are available. For more information see pages 64, 65, 101 and 102.
