# MARKING system THERMOMARK LINE

# THERMOMARK LINE

## The easy way of printing

THERMOMARK LINE is the new, user-friendly marking system.

Two printers – the THERMOMARK CARD and the THERMOMARK ROLL – print labels, plastic labels, and shrink sleeves quickly and easily.

Individually strong, but together unbeatable: With each of the thermal transfer printers, you can label terminal blocks, wires or devices. When using both printers together, you can label any application flexibly and inexpensively.

### Wide range of materials

More than 600 different marking materials for all terminals, conductors, cables and equipment.

### Perfect printing quality

A print resolution of 300 dpi ensures that even the smallest font sizes up a height of to 1.6 mm are perfectly legible.

### Easy to operate

A large touch panel and easily understandable text messages provide the highest convenience in operation.

## THERMOMARK ROLL

This printer prints on roll and continuous media. Easily create high-quality printed labels, markers and shrink-sleeves.

## THERMOMARK CARD

This new printer prints on marking material in card and sheet format. The integrated automatic material detection prevents printing errors and saves time and material costs.

8 sec./card

### MARKING BOX

Select a complete system consisting of the THERMOMARK CARD, THERMOMARK ROLL and the pre-configured notebook. No installation, no setup. Connect the devices via USB and you're ready to go.

MARKING BOX DE  
Order No. 5147100

MARKING BOX EN  
Order No. 5147101

You can also order the printers individually.

THERMOMARK CARD  
Order No. 5146464

THERMOMARK ROLL  
Order No. 5146477
