Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Pmod Adapter for NI roboRIO

SKU:
6002-410-015

Description

With the Pmod Adapter for roboRIO, you can now connect your roboRIO to the expansive selection of Pmods offered by Digilent Inc.

With this product, users can increase the functionality of their LabVIEW projects by easily accessing the SPI, I2C, and UART connections that are used by Pmods. It's also perfect for robotic applications that require additional functionalities. The easy-to-use ports also make this product essential for students who are just learning about the different interfacing protocols and how to code them in LabVIEW.

- Uses the myRIO Expansion Port (MXP) connector
- Provides two Pmod connectors designed for use with UART and SPI communication protocols
- Standard 34-pin female breakout
- Standard 8-pin male I2C connector
- Optional external power supply input (supports 4.5V-20V)

What's Included:	- Pmod Adapter for NI roboRIO - Digilent cardboard packaging with protective foam
