RM Cores (6295110121)

Part Number: 6295110121

## 95 RM CORE SET

RM (Rectangular Modulus) cores allow better shielding than E type geometries while also providing easier winding accessibility and better power dissipation than a pot core configuration. Fair- Rite s standard RM cores all have a solid center post and standard height, low profile and alternate materials are available upon request.

RM cores can be supplied with the center post gapped to a mechanical dimension or an $A_{L}$ value.

Weight indicated is per pair or set.
