Veho Speaker Stand for Propeller BOE

The stand gently cradles the Veho 360 Speaker (#900-00018) above the VGS connector on the Propeller Board of Education. This stand mounts to the VGA connector with (2) #4-40 x 1.4" machine screws (included with the stand).

Install the veho360 Speaker Mount on your Boe-Bot using the two 4/40 screws. Put them through the mount and into the VGA connector. Open the speaker baffle and slide it into the bracket

Key Features:

- Holds speaker securely
- Mounts securely to the Propeller Board of Education's VGA connector
- Looks sleek, yet securely holds the speaker.

Specifications:

- Made of black delrin
- Laser cut for precision fit
- All necessary mounting hardware included
- Dimensions: 2.3 x 2.3 x .06 in. (58.3 x 58.3 x 1.6 mm)
- Operating temperature range: -40 to +185

Installed on a Boe-Bot:
