

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## General Information

<b>Part Number:</b>	76650-0118
<b>Manufacturer:</b>	Molex / Waldom
<b>Title:</b>	SEARAY Connector Kit
<b>Description:</b>	High Density Mezz Interconnect Plug and Receptacle
<b>Product Family:</b>	SEARAY*
<b>Certificates:</b>	(Molex Parts within this kit) - EU and China RoHS Compliant, UL and CSA
<b>Country of Origin:</b>	Kit assembled in U.S.A.

## Specifications

### Design

<b>Configuration:</b>	Board-to-Board
<b>Pitch:</b>	1.27mm (.050") by 1.27mm (.050") Pitch
<b>Connector Type:</b>	Receptacle and Plug

### Mounting

<b>Orientation:</b>	Vertical
<b>Circuit Sizes:</b>	200, 300, and 400
<b>Current Rating:</b>	2.7 Amps
<b>Voltage:</b>	240 Volts

## Product Highlights

The SEARAY board-to-board connector is designed for computer, networking, telecom, storage and general market applications with high pin-count devices or memory modules that are mounted on mezzanine or module PC Boards (PCBs). The design of our SEARAY has superior electrical and mechanical features that are cost competitive. The unique, Molex-patented, solder charge technology results in better process yields and a lower applied cost versus equivalent BGA connector products. Circuit sizes range from 160 through 500 positions, and mated stack heights cover 7mm (.276") to 13mm (.512").

### Features and Benefits

- Unique patented solder attach is more cost effective and reliable than BGA
- SEARAY footprint is compatible with other 1.27mm(.050") by 1.27mm(.050") products
- Robust guidance and polarization aligns connectors to mate in correct position

### Applications

- High and Mid-Range Computers and Servers
- Medical Scanning Equipment
- Military
- Network Routers and Switches
- Mobile Base Stations
