Clip-on Welding Shield Kit 7990/7990-AM and Electronic Lens Assembly 7991/7991-AM

Issue Date 01/01/04

These new welding accessories enhance the versatility of the 3M™ Full Facepiece 7800S making it easier for customers to standardize on 3M as the brand of choice for all respiratory protection needs.

- Approved for use in 11 different modes—from negative-pressure air purifying to SCBA
- Lightweight, silicone facepiece enhances fit and improves durability
- Extra-large inhalation and exhalation valves aid in easier breathing
- Double-flange face seal and six adjustable straps help provide a secure fit

The 3M™ Clip-on Welding Shield Kit 7990/7990-AM and Electronic Lens Assembly 7991/7991-AM (sold separately)

Modes of Operation:

- Air Purifying
- Face-mounted PAPR
- Belt-mounted PAPR (GVP Series)
- SAR (Standard & Dual Airline)
- Pressure Demand SAR
- Supplied Air with Escape (Air-Mate™)
- SCBA (Air-Mate™)

Applications

- Bridge construction
- Petroleum refineries
- Primary metals
- Fabricated metal products

- Shipbuilding and repairing
- Railroad equipment
- Guided missiles and space vehicles
- Tanks and tank components

Features/Benefits

- Snap-on design of welding shield is convenient, more economical, enhances versatility, reduces number of parts and saves time
- Viewing area size: 4.5" x 5.25" (standard passive shade) or viewing area size: 2.4" x 3.8" (electronic auto-darkening lens) enhances wearer safety

- Flip-up lens holder makes it easier to inspect work or weld
- System versatility
- Lightweight design enhances worker acceptance and productivity
- Large electronic auto-darkening lens (ADL) area enhances view of work space and increases safety
- Passive or electronic ADL capability
- Adjustable shade electronic ADL (9 through 12)

3M™ Clip-on Welding Shield Kit 7990/7990-AM and Electronic Lens Assembly 7991/7991-AM
