

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

"Compact" range with display CD12 Part number 88970042

- Green LCD with 4 lines of 18 characters and configurable backlighting
- More cost effective solution
- Industrial temperature range (-20 $^{\circ}$ C \rightarrow +55 $^{\circ}$ C)
- Analogue inputs 0-10 VDC or 0-20 mA/Pt100 with converters
- Selective parameter setting: You can choose the parameters that can be adjusted on the front panel
