

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

# Slide DIP Switch

A6TN

# Throgh-hole Mounting Slide DIP Switches with High Contact Reliability

- Knife-edge structure with high contact pressure mechanism assures high reliability.
- Washable, without seal tape available.
- Models with from 1 to 10 poles meet wide needs.

RoHS Compliant

| 10             | 15                   | A6TN-0101                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | A6TN-0104       |

Note: Order in multiples of the package quantity.

# ■ Ratings/Characteristics

| Rating (resistive load)            | 25 mA at 24 VDC<br>10 μA (minimum current) at 3.5 VDC                                |  |  |
|------------------------------------|--------------------------------------------------------------------------------------|--|--|
| Ambient operating temperature      | -30 to +85 °C at 60% max. (with no icing or condensation)                            |  |  |
| Ambient operating humidity         | 35% to 95% (at +5 to +35 °C)                                                         |  |  |
| Insulation resistance              | 100 MΩ min. (at 100 VDC with insulation tester)                                      |  |  |
| Contact resistance (initial value) | 200 mΩ max.                                                                          |  |  |
| Dielectric strength                | 300 VAC for 1 min between terminals                                                  |  |  |
| Vibration resistance               | resistance Malfunction: 10 to 55 Hz, 1.5-mm double amplitude                         |  |  |
| Shock resistance                   | Malfunction: 490 m/s <sup>2</sup> min.                                               |  |  |
| Durability                         | Electrical: 1,000 operations min.                                                    |  |  |
| Washing                            | Possible                                                                             |  |  |
| Degree of protection               | IEC IP40                                                                             |  |  |
| Operating force                    | 0.98 to 7.9 N {100 to 806 gf}                                                        |  |  |
| Weight                             | 0.31 g (2 poles) 0.58 g (4 poles) 0.84 g (6 poles) 1.1 g (8 poles) 1.36 g (10 poles) |  |  |

Note: Do not use this document to operate the Unit.

**Electronic and Mechanical Components Company** 

Application examples provided in this document are for reference only. In actual applications, confirm equipment functions and safety before using the product.
Consult your OMRON representative before using the product under conditions which are not described in the manual or applying the product to nuclear control systems, railroad systems, aviation systems, vehicles, combustion systems, medical equipment, amusement machines, safety equipment, and other systems or equipment that may have a serious influence on lives and property if used improperly. Make sure that the ratings and performance characteristics of the product provide a margin of safety for the system or equipment, and be sure to provide the system or equipment with double safety mechanisms
