

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

ACL 750 Combo Tester

So simple, yet so sophisticated
Software provides documentation for ISO 9000

The ACL 750 Combo-Tester measures electrical resistance of wrist straps and heel grounders simultaneously and individually. The ACL 750 can do what pass/fail testers cannot: Give actual resistance readings and store data.

When the software is used, test results are stored on a computer which allows you to monitor and analyze test information and help manage your company's static control program.

Results from each test can be stored in a computer for up to one year. Creating reports will help guide your internal policies and improve your company's productivity. Reporting will direct your attention to problem work areas, employees who routinely fail, trends over time, and so much more.

Features:

- ❖ Tests both wrist straps and heel grounders simultaneously and individually at a safe 19 volts
- ❖ Accommodates both U.S. standard and dual wire (constant monitor) wrist straps
- ❖ Reads actual resistance of wrist straps and heel grounders from 500 kilohms up to 100 megohms, with an option up to 1000 megohms
- ❖ Alarm points may be programmed to any value for any employee or default limits (ESDA recommended limits) can automatically be used
- ❖ Allows employee access by keyboard, mouse, barcode, magnetic stripe or proximity card
- ❖ Allows for new employees to be added easily the first time they use the tester
- ❖ Made in the U.S.A.

Product #750 includes tester, footplate, stand, and NIST-traceable calibration certificate.

Product #750WS includes tester, footplate, and NIST-traceable calibration certificate.

Specifications:

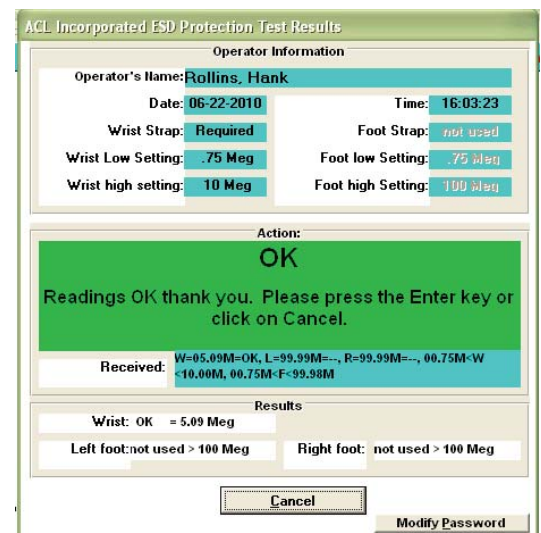

- ❖ **Accuracy: ± 10% (tester only)**
- ❖ **Environment: 32°F to 100°F (0°C to 38°C); 15% to 95% RH**
- ❖ **Test voltage: 19 volts DC ± (open circuit)**
- ❖ **Adjustable resistivity limits; defaults to ESDA or CE limits**
- ❖ **Conforms to ANSI / ESDA 20.20 standard and EU CE standard**
- ❖ **Resistivity ranges:**
 - Wrist straps**
 - High Range: 2M, 5M, 10M, 25M, 35M, 50M, 75M, 100M ohms
 - Low Range: 500k, 750k ohms
 - Footwear**
 - High Range: 2M, 5M, 10M, 25M, 35M, 50M, 75M, 100M ohms
 - Low Range: 500k, 750k ohms
- ❖ **Optional accessories:**
 - ACL 746: 1000 megaohm setting
 - ACL 740: Circuit relay for security doors
 - ACL 795: Calibration box for on-site calibrations

ACL 750 Combo Tester

Simple, yet sophisticated

Software features:

- ✪ Generates reports for e-mailing and printing: Monthly Test Results, Entire Log, Daily Log, Employee Failure Exception, ESD Certification Expiration, Employee Attendance, Employee Vacation
- ✪ Automatically generates and e-mails reports to one or more recipients
- ✪ Accepts up to 30,000 employees
- ✪ Can limit reports to specific work groups
- ✪ Can easily import report files into spreadsheet or database software
- ✪ Can import companies employee list/data from MS Access and Excel
- ✪ Allows for supervisor to password-protect software settings and reports
- ✪ Allows for employee information to be password-protected
- ✪ Can be upgraded to allow electronically locked doors to open or bells to ring when user wrist straps and heel grounders are in tolerance
- ✪ Able to prevent unauthorized entry without the proper ID card
- ✪ Compatible with operating systems: Microsoft Win3.1, 95, 98, ME, WinNT, Windows 2000, Vista, Windows XP, and Windows 7
- ✪ Can connect multiple test stations to LAN network or intranet
- ✪ Accepts and displays international dates and times
- ✪ Limits access to employees with expired certification
