USB2.0 Flash Drive
AH135

Table of Contents

1. Product Introduction

AH135 captures the image of a tree embracing the breeze. The metallic branches display the strength of a solid tree trunk and the beauty of its fine lines. The shape of hollowed-out leaf conveys richness of leaves and reminds people of sunshine gleaming through the treetops and casting a shadow onto the ground.

AH135 is made of zinc alloy, presenting boutique-like quality and touch. More than an aesthetic design, the hollowed-out look of AH135 can not only be used as grommets for users to attach a bracelet or strap but fit ergonomic concept with increased surface friction for easier plugging/unplugging.

Available in capacities from 4GB to 32GB, AH135 can meet various user needs. It is also compatible with Windows 7 operating system and comes uniquely with ACE compression software which can increase the capacity by up to 500%, making the tiny flash drive display a storage device beyond imagination!
