

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

AMPSS® DemoBoard

Demo Boards are available to enable users to evaluate AMPSS® modules. Please note when ordering Demo Boards that the modules are not included and should be ordered separately.

APA105-ML-004

ORDERING INFORMATION

AMPSS Demo Boards

Part Number	Description
APA105-ML-001	For use with AL60A Series 48V input
APA105-ML-002	For use with AL60A Series 300V input
APA105-ML-003	For use with AM80A, BM80A and AL80A Series 24V/48V input
APA105-ML-004	For use with AM80A, BM80A and AL80A Series 300V input
APA105-KJ-001	For use with AK60A & BK60A Series 24V/48V input
APA105-KJ-002	For use with AK60A Series 300V input
APA105-KJ-003	For use with AK80A, Series 24V/48V input
APA105-KJ-004	For use with AK80A, Series 300V input
APA105-KC-001	For use with AK60C, BK60C, AV60C single output, AEH10-30 series, 48V input

Thermal Pads

APA502-60-001

APA502-80-001

THERMSTRATE® thermal pads to fit AMPSS® modules provide a clean and effective alternative to thermal compound for interfacing the heatsink to the module. Thermal resistance is 0.1°C/W.

ORDERING INFORMATION

Description	Part Number	Description	Part Number
Thermal Pad, 80 size	APA502-80-001	Thermal Pad, 60 size	APA502-60-001

Note: These thermal pads do not provide electrical isolation.

Mounting Kits

Two types of mounting kits are available for assembling the module and heatsink onto a PC board using bolts or solder fixings.

In both cases, specially designed mounting studs simplify installation by allowing the heatsink to be fitted to the module before assembly onto the PC board. They are also designed to provide clearance between module and board to facilitate PCB cleaning operations.
