BP24V33 - External Battery Pack for UPS System

MODEL NUMBER: **BP24V33**

Highlights

- Extends runtime of Tripp Lite UPS Systems with 24V DC external battery connection
- Provides daisy-chain capability
- Simple installation; stackable
- 2 year warranty

Package Includes

- BP24V33 external battery pack
- Warranty information
- Instruction manual

Description

Tripp Lite's BP24V33 external battery pack offers extended battery runtime when used in conjunction with Tripp Lite SmartPro UPS systems with a 24VDC external battery connection. Stackable form factor supports configuration with up to 2 battery packs stacked with the UPS on top. Rugged all metal battery enclosure safely houses UPS batteries and includes heavy gauge cabling with pre-installed DC connectors for simple installation. Additional output connector allows multiple BP24V33 battery packs to be daisy-chained to the UPS for even longer extended run operation.

Features

- Offers extended-run UPS operation when used in conjunction with Tripp Lite UPS systems with a 24V DC external battery connection
- Supports stacking installation of two battery packs with the UPS on top
- Includes input and output connectors to support the connection of multiple battery packs for even longer extended run operation
- Includes heavy gauge cabling with high current DC connectors for simple installation
- 2 year warranty
