

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## Introducing SBPlus Self Laminating Wire and Cable Markers

# SBPlus Self Laminating Wire and Cable Markers

## KEY FEATURES

- More aggressive adhesive than the current SB product it replaces.
- Adhesive helps to prevent lift off in the most demanding applications.
- Clear base material allows the printing to remain more legible after over-lamination.

## DESCRIPTIONS

Clear vinyl film with a permanent acrylic based adhesive, supplied with a white thermal transfer printable area, which is over-laminated upon application with the clear portion of the label.

## APPLICATIONS

Used to identify commercial and industrial grade wire and cable products with an operating temperature range of -51C to +93C (-60F to +200F)

## MECHANICAL

Clear over-lamination provides mechanical and splash fluid protection to the printed area of the label.

## MATERIALS

Clear vinyl with a thermal transfer printable white area for printing.

## PRODUCT OFFERING

Packaged on both 1" and 3" diameter cores. Quantity per package ranges from 10,000 labels per spool for the smallest sizes to 1,000 labels per spool for the largest sizes.

## APPLICATION TOOLING

No special application tooling is required. Print using a qualified Tyco Electronics Thermal Transfer printer and ribbon.
