## CTF-180 - 360 Degree Compression Tool for RG59/6 - Data Sheet

Fixed compression tool with reversible plunger and 360 degree F connector support for use with most short and long F connectors. This compression tool works on F connectors for RG6 and RG59 cables. The tool is solid steel construction, protected with a black oxide finish, spring loaded and fitted with blue cushioned grips making this tool rugged yet comfortable to use. Includes integrated handle lock for storage.

The compressed length for short connectors is 17.9mm and the compressed length for the longer connectors is 20.8mm. This means the tool will work on most F connectors for RG59 & RG6 COAX Cables.

### Simple to use:

1. Select the proper plunger length by removing the plunger, rotating plunger to the 17.9 or 20.8mm marking and reinstall the plunger
2. Prep the cable and insert F connector onto cable
3. Place connector with cable into tool and squeeze handles together

### SPECIFICATIONS
