CPU / Computer Mount for Desks and Rails

MODEL NUMBER: **DCPU1**

Secures your computer to a wall, desk or rail, which saves valuable desk, table and floor space near your workstation. Ideal for home, school or office use.

Description

The DCPU1 CPU/Computer Mount saves valuable desk, table and floor space by securing your computer to a wall, desk or rail. Ideal for home, school and office use beneath, above or adjacent to your workstation, the DCPU1 fits most CPUs from 4 to 6.25 inches wide. Its adjustable open frame allows easy access to the CPU and its cabling. The durable all-metal unit supports up to 40 pounds. The scratch-resistant powder-coated finish tolerates frequent handling and blends with any décor. Wall-mounting hardware is included.
