DTAP3/8-16

Finally, one bit that does it all...

Ever have to hunt around or figure out which drill bit to use with a certain tap? Tired of using a T-handle to tap the hole? No more, because now you've got the Greenlee combination Drill/Tap bit, which drills the proper hole size and taps the hole all in one operation and at an affordable price – saving you time and money.

Made from high speed steel to ensure longer life, the Greenlee Combo Drill/Tap Bit is designed to tap up to 10 gauge metal and has a high quality hex shank to ensure a strong connection.

The Combination Drill/Tap Bits are now available packaged individually or in kits, in both **standard*** and **metric** sizes. In addition, Greenlee now has two larger standard size Drill/Tap Bits, 5/16" and 3/8", to meet all your needs when it comes to drilling, tapping and deburring.

*STANDARD KIT (DTAPKIT) NOT SHOWN

PRODUCT FEATURES

- **Complete hole drilling, tapping and deburring/countersinking in one operation** with power drill – saves labor, time and frustration
- **Back taper beyond tap** to prevent thread damage from over-drilling
- **Deburr/Countersink** also provided on bit beyond back taper
- **Made from high-speed steel** vs. carbon steel for longer life
- **High quality hex shank** to ensure strong connection to drill chuck
- **Designed to tap up to 10 gauge metal**
- **Quick Change Adaptor included** in both metric and standard kits

SPECIFICATIONS

Material thickness - 10g

Material type - mild steel, copper, brass, aluminum

Shank - 1/4" quick change hex

Drill Material - high speed steel

Drill point - split point with web thinning
