

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

# REPLACEMENT SOLDERING TIPS & SOLDERING STATIONS

## SOLDER/ REWORK STATION

The EB9000S Soldering/Rework Station, using Curie Heat Technology, will provide years of reliable performance. With this very precise and self-regulating technology, temperature calibration is not required. Included in the EB9000S are a 13.56 MHz Power Supply, detachable soldering iron stand with sponge and brass curl, tip removal pad, and the EBM8CH176 Solder Tip cartridge.

## REPLACEMENT SOLDERING TIPS PROVIDE IMPROVED POWER, PERFORMANCE AND RELIABILITY

- Increased plating results in longer service life and cost savings
- Better connectivity through the use of gold plated connectors
- Faster point to point soldering
- Stable tip temperature
