

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

EXP-355

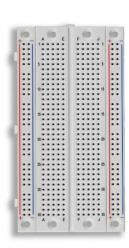

Solderless Breadboard, 470 Tie-Points

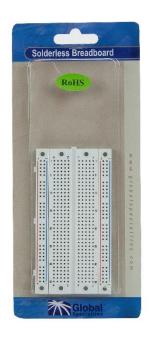

Solderless Breadboards

Phosphor bronze contacts

High impact plastic

Heavy-duty Mylar backing

Specifications	
Туре	Solderless Breadboard
Tie-Points	470
Terminal Clips	94
Breadboard Material	ABS
Spring Clip	Nickel plated
Material	phosphor bronze
Length	4.12 in
Width	2.31 in
Depth	8 mm (0.33 in)
Assembly	NA
Current Capacity	1.5 A, 36 V
16-Pin IC Capacity	5

Overview:

The Global Specialties EXP-355 has 470 tie-points and offers unlimited circuit design expansion though its unique molded-in interlocking edge rails. It offers 0.3" DIP spacing, and its unique molded-in mounting holes allow for either front or rear mounting. Molded interlocking edge rails on all four sides permit parallel or perpendicular socket arrays, allowing more boards to be added at any point for maximum circuit design flexibility. The integrated bus strips allow for fast connections to power and signal lines. The EXP-355 is made from high impact plastic with phosphor bronze contacts. It has a heavy-duty Mylar backing to prevent short circuits.
