Acrylic Case for LattePanda- Compatible with cooling fan
SKU:FIT0474

INTRODUCTION

This acrylic case is a nice and solid enclosure for LattePanda dev board. A case can protect the board while letting you see the status LEDs directly and providing accesss to things like USB, HDMI, SD card, GPIO cables.

We also increased its inner space and add a position for the cooling fan in the new version. You can mount the heatsink and cooling fan on the CPU directly.

Assembling this case is quite simple and intuitive. We also provide a quick guide along with the product on how to assemble this nice case.

what is LattePanda?

LattePanda is a complete Windows 10 computer on a single board!

It includes everything a regular PC has and can do anything that a regular PC does. It is compatible with almost every gadget you know: printers, joysticks, cameras and more. Any peripherals that work on your PC will work on LattePanda.

LattePanda comes pre-installed with a pre-activated full edition of Windows 10, including powerful tools such as Visual Studio, NodeJS, Java, Processing, and more. Using existing APIs, you can develop your own software and hardware projects on LattePanda as you would on a normal PC - C#, Javascript, Ruby and so on. Say goodbye to your bulky laptop!

Please note LattePanda dev board is not included in the kit.
