

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Graphite™ Module: CAN Protocol

Red Lion Automation Series

▶▶▶ CAN Protocol Communication

The GMCAN plug-in module expands the communication capabilities of our Graphite series HMI operator interface panels by seamlessly integrating with CAN protocol networks.

Red Lion's GMCAN module provides easy Graphite HMI integration with CAN protocol networks, allowing for translation of more than 300 different protocols. Configure the GMCAN module using Red Lion's Crimson® software, which makes setup simple via an intuitive graphical user interface with drag-and-drop functionality.

APPLICATIONS

- > Transportation
- > Agriculture
- > Manufacturing
- > Construction
- > Oil & Gas

PRODUCT HIGHLIGHTS

- > Seamless CAN network integration
- > Support for over 300 different protocols
- > All-in-one solution

FEATURES & BENEFITS

- > CAN Protocol Conversion
 - Easily integrates Graphite HMIs into CAN protocol networks
 - Converts between CAN and more than 300 different protocols
- > All-in-One Solution
 - Removes need for external devices and communication gateways
 - Cost-effectively saves space, and time
- > -40° to 75°C Operating Temperature
 - Reliably works in harsh environments
- > Powered from Graphite Host
 - Simplifies deployment by eliminating external power requirement
- > Easily Programmed
 - Seamless configuration using Red Lion's Crimson desktop software

industrial

automation

▶▶▶ CAN Protocol Communication Specifications

POWER

GMCAN Max Power: 1.2 W (supplied by Graphite host device)

COMMUNICATION PROPERTIES

CAN Protocol Port:

- Software programmable up to 1M baud and digitally isolated
- 124 ohm, 1 W termination provided through switch
- Port may be configured for various CAN protocols
- Isolation from Graphite Host
- 1000 VDC for 1 minute

CERTIFICATIONS AND COMPLIANCES

- CE Approved
- EN 61326-1 to Industrial Locations
- IEC/EN 61010-1
- RoHS Compliant

ENVIRONMENTAL

- Operating Temperature Range: -40° to +75°C
- Storage Temperature Range: -40° to +80°C
- Operating and Storage Humidity: 85% max relative humidity, non-condensing, from 0° to +50°C
- Altitude: Up to 2000 meters

ORDERING GUIDE

PART NUMBER	DESCRIPTION
GMCAN000	Graphite Module, CAN Protocol Interface
