

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

GTCX36-XXXM-R10 Series

Littelfuse Circuit Protection 6mm 3Pole GDTs (ceramic gas discharge tubes), are commonly used to help protect sensitive telecom equipment such as communication lines, signal lines and data transmission lines from damage caused by transient surge voltages that typically result from lightning strikes and equipment switching operations.

Littelfuse Circuit Protection GDTs offer a high level of surge protection, low capacitance and a broad array of breakover voltage levels, making them suitable for applications such as MDF (Main Distribution Frame) modules, high data-rate telecom applications (e.g. ADSL, VDSL), and surge protection on power lines. Littelfuse Circuit Protection GDTs can help equipment meet the most stringent regulatory standards.

Benefits:

- Compact, small form factor suitable for efficient assembly
- Helps provide overvoltage fault protection against high energy surges
- Suitable for high-frequency applications

Features:

- 3Pole, 6mm devices
- Broad voltage range from 75V-600V
- Various form factors: surface-mount, leaded, no leads
- Optional fail-short mechanism on some devices
- · Low capacitance and insertion loss
- Crowbar overvoltage protection
- UL 497B recognized
- · RoHS compliant
- Devices tested per ITU K.12 recommendations
- Non-radioactive materials

Applications:

- · Telecommunications
- MDF modules, xDSL equipment, RF system protection, antenna, base station
- · Industrial and consumer electronics, such as
 - Surge protectors
 - Alarm system

General Characteristics

No Radioactive Material

Storage Temperature: -40° C to $+90^{\circ}$ C Operating Temperature: -40° C to $+90^{\circ}$ C

Body: Nickel Plated

Leads: Surface-mount, Radial and Axial Devices: Tin Plated

Devices with no leads: Nickel Plated

Soldering Notes: Devices with no leads: non-solderable; suitable for insertion into a magazine clip

Materials Information

RoHS Compliant

ELV Compliant

Directive 2002/95/EC Compliant

Directive 2000/53/EC Compliant

Packaging Information

Part Description		Tray / Reel	Standard Package	
No Leaded:	GTCN36-XXXM-R10	100pcs (Tray)	2,500pcs	
With Leads:	GTCA36-XXXM-R10/GTCR36-XXXM-R10	100pcs (Tray)	1,000pcs	
Surface-mount: GTCS36-XXXM-R10		100pcs (Tray)	2,500pcs	
Surface-mount (T&R): GTCS36-XXXM-R10-2		750pcs	4,500pcs	

Part Numbering System

Example Part Number: GTCX36-351M-R10-FT

GT = Gas Tube C = Ceramic

X = Lead Configuration: N= No leads; A= Axial Leads; S= Surface-mount; R= Radial Leads

3 = 3 Electrode device 6 = 6mm Diameter

351 = DC Spark Over Voltage of 350V (at 100V/s)
M = Tolerance of 20% on DC Spark Over Voltage

R = Product Family Designator

10 = Surge rating: 8x20μs 10kA 10 times

FT = With Fail-Short mechanism

GTCX36-XXXM-R10 Series

Part Marking Reference

Example Part Marking: X 35 R10 GN

★ ■ Manufacture Mark

35 = Voltage Designator (35 = 350V)

R10 = Product Family Designator + Surge Current 10kA (8x20µs 10 hits)

GN = Year and Week of Manufacture

Littlefuse products are not designed for, and shall not be used for, any purpose (including, without limitation, automotive, military, aerospace, medical, life-sustaining or nuclear facility applications, devices intended for surgical implant into the body, or any other application in which the failure or lack of desired operation of the product may result in personal injury, death, or property damage) other than those expressly set forth in applicable Littlefuse product documentation. Warranties granted by Littlefuse shall be deemed void for products used for any purpose not expressly set forth in applicable Littlefuse documentation. Littlefuse shall not be liable for any claims or damages arising out of products used in applications not expressly intended by Littlefuse as set forth in applicable Littlefuse documentation. The sale and use of Littlefuse products is subject to Littlefuse Terms and Conditions of Sale, unless otherwise agreed by Littlefuse.
