**Don't forget...Mounting Accessories!**

PANAVISE ALSO OFFERS A VARIETY OF MOUNTING ADAPTERS, BRACKETS, HARDWARE, AND ACCESSORIES.

Add even more flexibility to your installation by moving the mounting area to the right, left, up, or down with an extension bracket. Aluminum extension brackets are the same strength as steel, with 1/2 the weight and available in many configurations.

Add even more adjustability to your installation by adding a Tipper. You'll have an additional 30° of tilt in every direction plus 360° rotation, also available in an off-set model. Tipper are quality made, and won't wear out!
