

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

ISD-COB18B24

User's Manual

DESCRIPTION

The ISD-COB18B24 is for using to demonstrate the ISD18B00 series audio quality and product features. The board has an ISD18B24 IC assembled onto the PCB. It can also serve as initial prototype board for your applications.

Power: Make sure the polarity is connecting correctly or the board will be damaged. The input voltage can be ranging from 2.4 to 5.5V.

RecL: Level hold recording with Beep sound

RecE: Edge-recording with Tryme Mode

PlayE: Edge-playback

PlayL: Level hold playback and looping playback

Please refer to ISD18B00 series datasheet for product specification.
