

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## miniBLOC, SOT-227 B

1 = Emitter ①,    3 = Collector  
 2 = Gate,        4 = Emitter ①

① Either Emitter terminal can be used as Main or Kelvin Emitter

## Features

- International standard package miniBLOC (ISOTOP) compatible
- Aluminium-nitride isolation
  - high power dissipation
- Isolation voltage 3000 V~
- Low  $V_{CE(sat)}$ 
  - for minimum on-state conduction losses
- Fast Recovery Epitaxial Diode
  - short  $t_{rr}$  and  $I_{RM}$
- Low collector-to-case capacitance (< 50 pF)
  - reduces RFI
- Low package inductance (< 10 nH)
  - easy to drive and to protect

## Applications

- AC motor speed control
- DC servo and robot drives
- DC choppers
- Uninterruptible power supplies (UPS)
- Switch-mode and resonant-mode power supplies

## Advantages

- Space savings
- Easy to mount with 2 screws
- High power density
