Description

Do you need to control your JustBoom audio system from across the room? Well now you can with the JustBoom IR Remote. We have designed the remote to be light, compact, and visually appealing whilst boasting an operating range of up to 10 metres.The black finish pairs well with your JustBoom DAC, DAC   HAT, Amp, Amp   HAT or Digi   HAT when   enclosed   within   one   of   our official cases.

The majority of people don't need loads of buttons to control their device. That's why we've only included the essential buttons you need to maximise the efficiency of your audio visual setup.

The JustBoom HATs and pHATs include an optional IR receiver that you can solder yourself to enable remote control functionality.

- Works with any Raspberry Pi with an infrared (IR) receiver.
- 12 essential buttons for an audio or media player system.
- Works with LIRC and other programmable IR receiver software.
- Operating range up to 10 metres
- Powered by 2 x AAA batteries
