

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

# LXC100 series

## **LED Power Supply**

Constant Current Power Supplies

**LED POWER** next generation power source

#### **FEATURES**

- High Efficiency (up to 92%)
- Constant Output Current
- Active PFC (Typical 0.99)
- IP67 Waterproof
- OVP, SCP
- -35 to 70°C deg operation
- Universal Input 90-305VAC
- UL8750 compliant
- EN61347-1, -2-13 compliant

The LXC100 series of constant current LED power supplies from Excelsys Technologies can deliver up to 100W of output power in an extremely compact package size.

The LXC100 series of constant current power supplies provides up to 4200mA of output current and 286V output voltage solutions for specific LED requirements. With industry leading efficiencies, and an extensive protection feature set, the LXC100 series provides high reliability and high performance
