

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

3-Bit Digital Step Attenuator

The MMT20303H is an integrated 3-bit digital step attenuator with a 1 dB step size. It is controlled via a 3-bit parallel interface and operates from a 3 to 5 V supply. The MMT20303H is suitable for 3G/4G small cell transmitter and mobile radio applications using frequencies from 50 to 4000 MHz.

Features

- Frequency: 50–4000 MHz
- Maximum RF Input Power: 30 dBm (CW)
- Typical IIP3 > 50 dBm
- Programmable Attenuator with 7 dB Maximum Range, 1 dB Step Size
- Low Insertion Loss
- ± 0.1 dB Typical Bit Error
- Excellent Consistency over Temperature and Supply Voltage
- Single 3 to 5 V Supply
- 50 Ohm Operation
- P1dB Independent of Control Voltage
- 3-bit Digital Control
- TTL/CMOS Interface Compatible
- Cost-effective 16-pin, 3 mm QFN Surface Mount Plastic Package

FAILURE ANALYSIS

At this time, because of the physical characteristics of the part, failure analysis is limited to electrical signature analysis. In cases where Freescale is contractually obligated to perform failure analysis (FA) services, full FA may be performed by third party vendors with moderate success. For updates contact your local Freescale Sales Office.
