SocketModem® IP

Intelligent Modem + Internet Applications

The SocketModem® IP intelligent modem creates Internet-ready devices by integrating modem functionality and a complete TCP/IP protocol stack into a single, Universal Socket design. The space efficient (1" x 2.5"), ready-to-integrate embedded modem sends and receives data via email or socket interfaces. The intelligence of the embedded Universal IP® stack provides a common AT command interface across multiple Universal Socket devices. It also complies with telecom requirements globally allowing for worldwide shipments.

Features

- AT command interface for IP configuration
- Complete modem solution including the controller, data pump and DAA
- Universal Socket connectivity
- Intelligent Universal IP stack for enhanced M2M functionality
- DNS, FTP client, POP3, SMTP, ICMP, IP, TCP/UDP socket communications and PPP protocol support
- PAP and CHAP authentication
- Serial interface supports DTE speeds to 921Kbps
- TIA-602 AT command compatible in modem mode
- Global approvals with a single communications device design
- Flash memory to update firmware with the latest enhancements
- Two-year warranty

Universal Socket Benefits

- Interchangeable communications devices
- Intelligent Universal IP stack
- Global approvals
- Easy migration to future networks

Global Compliance.

The SocketModem IP modem has successfully completed international compliance testing (homologation) for global approval. This means one communications device can be specified per design without having to integrate specific country approved devices for each system used across the world.

Developer's Kit.

The Developer's Kit allows you to plug in the communications device and use it for testing, programming and evaluation. See www.multitech.com/pdfs/devkit.go for more details.

Ordering Information

Product	Description	Region
MT5692SMI-IP-92	V.92 Serial Data Only + IP	Global
MT5692SMI-IP-L-92	V.92 Serial Data Only + IP	Global
Ordering Codes		
-IP	Embedded Universal IP Stack	
-L	3.3V Power Input (Default is 5V)	
-92	V.92/56K Data Rate	
.Rx	Version control	

Services & Warranty

Multi-Tech's comprehensive Support Services programs offer a full array of options to suit your specific needs. These services are aimed at protecting your investment, extending the life of your solution or product, and reducing total cost of ownership. Our seasoned technical experts, with an average tenure of more than 10 years, can walk you through smooth installations, troubleshoot issues and help you with configurations. Products include a 2-year warranty.

Installation Support

Multi-Tech's Installation Support Service delivers priority service with the ability to work one-on-one with an experienced Multi-Tech technical support engineer, to guide you through the installation process for our products.

Technical Support Services

At Multi-Tech, we're committed to providing you personalized attention and quality service while providing you a quick response to your product support needs. We have several options of support for you to choose from.

For additional information on Support Services as well as other service offerings, please contact your Multi-Tech representative or visit www.multitech.com/support.go.
