RJ45 Modular Connector for Round Stranded UTP Conductor 4-Pair Cat5e, 100 Pack

MODEL NUMBER: N030-100-STR

Clear RJ45 Cat5e connector terminates round stranded conductor cabling in data and voice applications.

Description

The N030-100-STR contains 100 unshielded RJ45 modular plugs for round stranded UTP conductor 4-pair Cat5e cable. Recommended for creating your own custom-length Cat5e cable runs, these clear connectors come in a shatter-resistant plastic jar that's easy to pack in your toolbox and carry to your next installation.

Ideal for data and voice applications, these reliable RJ45 connectors are designed to terminate round Cat5e cable, such as Tripp Lite's N020-Series patch cabling. Their 15-micron gold-plated contacts ensure reliable signal transmission throughout the cable run, and their staggered nose pattern reduces near-end crosstalk. They are compatible with most RJ45 crimping tools (with AMP an exception).
