

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

NON-CONTACT VOLTAGE TESTER WITH INFRARED THERMOMETER

NCVT-4IR

HVAC\IR

The **NCVT-4IR** provides non-contact determination of AC voltage in cables, cords, circuit breakers, switches, outlets, and wires; as well as Infrared (IR) thermometer measurements making it the perfect choice for HVAC professionals.

- Detects AC voltage from 12 to 1000 V with visual and audible indicators
- IR thermometer with user selectable °F / °C from -22 to 482°F (-30 to 250°C)
- Convenient laser acts as a laser pointer; also helps target IR temperature measurement
- Auto Power-off conserves and extends battery life
- Screw-thread battery cap with O-ring ensures water and dust resistant ingress protection
- Lightweight, compact tool with pocket clip provides easy storage and quick access

12 - 1000V AC

Non-Contact Tip

A high intensity, bright red LED illuminates and a warning tone sounds when voltage is detected.

Infrared (IR) Thermometer

with 4:1 distance to spot ratio

Laser

Use as a laser pointer or to help target IR temperature measurement

Backlit LCD Screen

for easy viewing in low light

IR Button

press and hold to take temperature reading. Press and hold IR button and NCV button to change to Celsius (°C)

NCV Button

turns on and off the Non-Contact Voltage Tester. The tip will illuminate blue with a single beep when on and double beep and stop illuminating when off.

Pocket Clip

Battery Cap

with O-Ring provides tight water and dust resistant seal to protect batteries

**2x AAA
Batteries
included**

 Do not direct laser beam into eyes as this can cause permanent eye damage
