imall

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

C14 Male to C13 Female Power Cable, C13 to C14 PDU Style - 10A, 250V, 18 AWG, 3 ft., Red

MODEL NUMBER: P004-003-ARD

Computer power extension cord connects 2 devices with C13/C14 power connectors or extends your existing power connection by 3 ft.

Features

C14-to-C13 Power Cable Connects Computers, Printers, Servers and Other Equipment

This IEC-320-C14 to IEC-320-C13 cable is designed for small data center or office workstation applications that do not require a heavy-gauge connection. This C14 male to C13 female cord can be used to power a computer, server or monitor; attach a server or drive to a UPS system or PDU; or extend an existing connection up to three feet. The three-foot length helps reduce cable clutter and minimize the risk of tripping.

Color-Coded to Avoid Misidentification That Can Cause Costly Downtime

This computer power extension cord features a red SJT jacket and fully molded red ends. The colorcoding allows easy, fast identification in a crowded rack or workstation and helps prevent the cable from becoming inadvertently disconnected.

Highlights

- Recommended for powering computers, printers and other essential peripherals
- Adds 3 ft. to your existing connection to provide more flexibility in placing devices
- C13-to-C14 PDU-style extension cord is ideal replacement for worn-out or missing cable
- Color-coded red for fast, easy identification in a crowded rack or workstation

Applications

- Connect devices like computers, servers and monitors to a PDU up to 3 ft. away in your data center
- Extend an existing power connection up to 3 ft. to more easily place a device or reach a power source near your workstation
- Provide a high-quality replacement for a worn-out or missing power cord

Package Includes

 P004-003-ARD C14 Male to C13 Female Power Cable, 3 ft., Red
