Heavy-Duty Extension Cable, L5-15R to 5-15P - 15A, 120V, 14 AWG, 1 ft., Black

MODEL NUMBER: P023-001

Heavy-duty extension cord converts a NEMA L5-15P plug into a standard NEMA 5-15P plug. Extends an existing power connection by 1 ft.

Features

Heavy-Duty Extension Cable for Network Devices That Require a Heavy-Gauge Connection

This cable features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. It converts a NEMA L5-15P plug into a standard non-locking NEMA 5-15P plug, so it can connect to wall outlets, PDUs, surge protectors or UPS systems without NEMA L5-15R outlets. The three-foot length helps reduce cable clutter and minimize the risk of tripping.

Highlights

- Recommended for powering computers, servers and other network devices
- 1 ft. length allows flexibility in placing devices, while avoiding cable clutter
- Heavy-duty cord replaces or upgrades standard power cord provided by manufacturer
- Thick 14 AWG wire gauge manages high power levels required for larger equipment

Applications

- Connect devices like computers, servers and monitors to a PDU in your data center
- Extend an existing power connection up to 1 ft. to more easily place a device or reach a power source in a rack
- Update or replace the standard power cord provided by a device's original manufacturer

Package Includes

- P023-001 Heavy-Duty Extension Cable, L5-15R to 5-15P, 1 ft., Black

Specifications

OVERVIEW	
UPC Code	037332145567
Country/Region	North America
Power Cord Application	Server; PDU; UPS
